25th SWISS CLASSIC BRITISH CAR MEETING

Saturday 1st OCTOBER 2016

For the edition held last October, Morges again came up trumps with the weather for the Swiss Classic British Car Meeting. Sunny and warm all day long. We welcomed 1400 cars and motorbikes along the quays and in the park, and a record 20,000 very enthusiastic visitors.

So don't miss the 25th edition. **We welcome any British make or model that is at least 20 years old**, younger only if your vehicle is of special interest to the public. Again, due to space restrictions, recent Range Rovers, Land Rovers, Jaguars and New Minis will not be admitted.

For the **2016 edition of the Swiss Classic British Car Meeting** we are hoping for more great weather and one important but unusual anniversary celebration.

The guests of honour in 2016 will not be a single make; we propose celebrating the **70th anniversary of the resumption in 1946 of car and motorcycle production in Britain**, after the Second World War.

We would like to put together a display of all British cars and motorcycles manufactured in the years 1946, 1947, 1948 and 1949. British cars manufactured from 1940 to 1945 are also welcome of course, but these are even rarer.

We will attempt to re-create in Morges the British contingent of the first post-war car exhibition in the UK, **the 1948 London Earl's Court Motor Show**.

Motorbikes will again be grouped together on the quay next to the Port.

And the quays and Park will welcome all other British makes and models, as long as they are 20 years old or more.

Why not turn your visit into an enjoyable weekend. The Morges tourist office are offering unbeatable deals at local hotels, visit our website for details. Come on Friday and stay till Sunday.

The police have again arranged a special entrance to the meeting for us this year, via the large roundabout on the Geneva side of Morges; please see the web-site for detailed plans.

Enjoy your summer driving and see you in October.

Keith Wynn
